

Welcome to Malridge!

Malridge Photographic Engraving offers a new and innovative method of transferring a photographic image onto any glass surface. As you will see, the results are truly breathtaking.

The company's unique method is through intricate stencil work; in addition they can also supply the highest quality of Crystal Awards, Trophies, Decanters and all other forms of Glassware.

The company's unique photographic engraving process allows them to reproduce both detailed photographs and intricate line work to an exceptionally high standard.

The company mission statement is their dedication to total customer service and satisfaction, at the same time, continually bringing out new glass designs in many fields, especially that of Sports and general glassware.

The company also has the necessary technical equipment and qualified design and engraving staff to complete all the orders in-house, for Artwork, Origination and engraving without the need to ask or rely on outside assistance to complete any work.

Malridge are continually updating and expanding their product range, and as such, we suggest you regularly check our website at www.malridge.com for the latest news.

In line with their smooth running operation, the company's pricing policy is deliberately made simple. All prices are inclusive, without any hidden charges; just the standard delivery and VAT.

Prices include:

- All Artwork
- Origination
- The Crystal Glass
- The Engraving
- The Beautiful Gift Presentation Box

Although we hope you like what you see in the catalogue, there may naturally be questions or queries that come to mind. If this is the case, please don't hesitate in calling our helpful staff, as they will be delighted to not only answer your questions, but also to discuss any bespoke or special requirements you have.

**Robert Fodor
Managing Director**

"All prices are inclusive, without any hidden charges."

Malridge are continually bringing out new and innovative designs. See below for a selection yet to be released.
